

STUDENT WAYFINDING *enhanced*

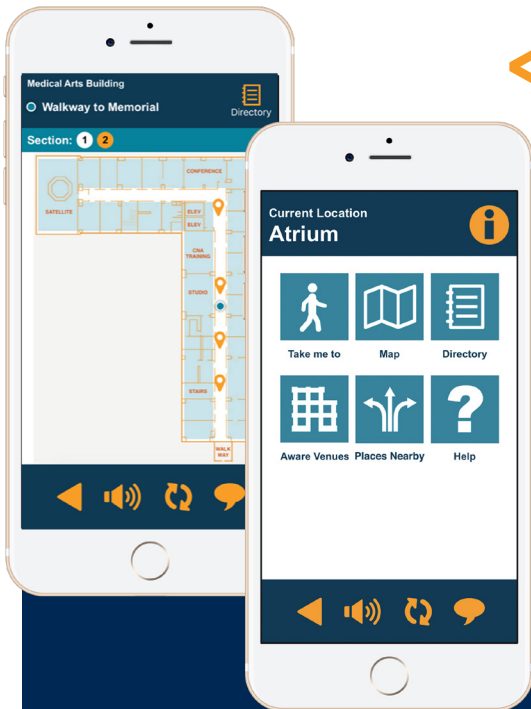

AWARE is the cutting-edge of indoor and outdoor navigation for colleges and universities.

WAYFINDING FOR VISUALLY IMPAIRED >>

The AWARE app by Sensible Innovations along with programmable iBeacons allow colleges and universities to become more welcoming, inclusive, and engaging for a total education and life experience.

<< WAYFINDING APP FOR STUDENTS

A "blue dot experience" lets the student view progress along a route with audio descriptions. Specific destinations and points of interest identified by the user allow for hassle-free navigation.

 **FREE** at the App store.
